*In the First Column below, please select your **primary** presentation type. In the Second Column, please select any **alternative** presentation types you're willing to explore. Standard oral and poster presentation slots are limited, and while we will do our best to accommodate your first choice, we encourage presenters to think outside the box about other creative and engaging ways to share their work.

*Primary

Alternative

Oral Presentation (20 minute presentation)

Full Concurrent Oral Session (a set of four 20-minute oral presentations on a similar theme – your abstract represents the overall theme and suggests the individual topics, and you are responsible for recruiting all four speakers)

Poster Presentation

Lightning Talk (short talk of 5-7 minutes – would be combined with other lightning talks or part of a panel)

Participatory Session (hands-on, interactive session lasting 1-2 hours, may feature a panel, instruction, skill training, demonstration, discussion or other facilitated activity)

Panel Discussion (a set of speakers/panelists organized around a similar topic with short or informal talks, and including a moderated discussion with session attendees)

Be Free! If you have an alternative session style that you would like to pitch to us along with a water related topic or theme that you would like to explore/present while using that style, please share it with us. We're open to new ideas that engage, excite and inform!
